RISK STATEMENT

Please be advised that trading in Bullion involves, besides the potential for profit, the risk of loss which may under adverse trading conditions exceed the amount of initial margin deposit. Movements in the price of Bullion are influenced by a variety of factors of global origin and dimensions many of which are unpredictable. Client may be unable to settle adverse trades during volatile market movements in the price of Bullion. Although the staffs of Starlinggold Global Capital Market Limited are in constant touch with market movements, they are unable to guarantee the accuracy of their predications nor could they guarantee that any loss would not exceed a specified figure.
